

CAL POLY POMONA

CAMPUS MASTER PLAN FORUM | FEBRUARY 11, 2010

STAKEHOLDER VISIONS

ASSETS

- Diversity of students
- Location + Climate
- Natural beauty of campus
- Concentrated, walkable academic core
- Available land
- Polytechnic = unique profile
- New library
- Treasures and traditions
 - Rose Float
 - Horses and pastures
 - Arabian Horse Center
 - Old Stables
 - Kellogg Manor
 - Sycamores
 - Rose Garden and Japanese Garden

MAJOR CONSTRAINTS

- Seismic
- Terrain
- Students need cars to get to work
- Limited funds for new construction
- State will not fund meeting space, research labs
- Need for larger classrooms
- Kellogg Drive as pedestrian barrier

RECURRENT THEMES

- Lack of clear identity
- Undefined sense of arrival
- Desire to build stronger on-campus community
- Athletics and recreation
- Deficit of large gathering spaces
- Pride in campus appearance
- Importance of polytechnic mission
- Need for dedicated research space
- Sustainability
- Convenience of student services
- Need for more effective circulation
- Public safety
- Enhance interconnectedness
- Need for neutral ground

ACADEMIC ISSUES

- Importance of polytechnic mission and method
 - Lack of large classrooms
 - Uneven technology in classrooms
 - Poor quality instructional space in some buildings
 - Dispersion of faculty and programs
 - Lack of space for meeting with students
 - Lack of research space
 - Desire for flexible "start up" space for new areas of research
 - Need for neutral ground for faculty
 - Lack of a home for faculty within a college
-
- Proximity to complementary programs is nice but not necessary
 - Consolidation is desired for convenience, collaboration, and identity

STUDENT ISSUES

- Lack of university identity and pride
- Strong community and student engagement exists
- Students lack places to gather, both inside and outside
- Need for student-based project space
- Lack of after-hours options
- Agreement that increasing on-campus housing is one of the best strategies for improving student life and community on campus
- Increase in student housing will require commensurate increase in on-campus services
- New suites are popular, campus largely feels safe, strong connection to the landscape and history

CORE ISSUES

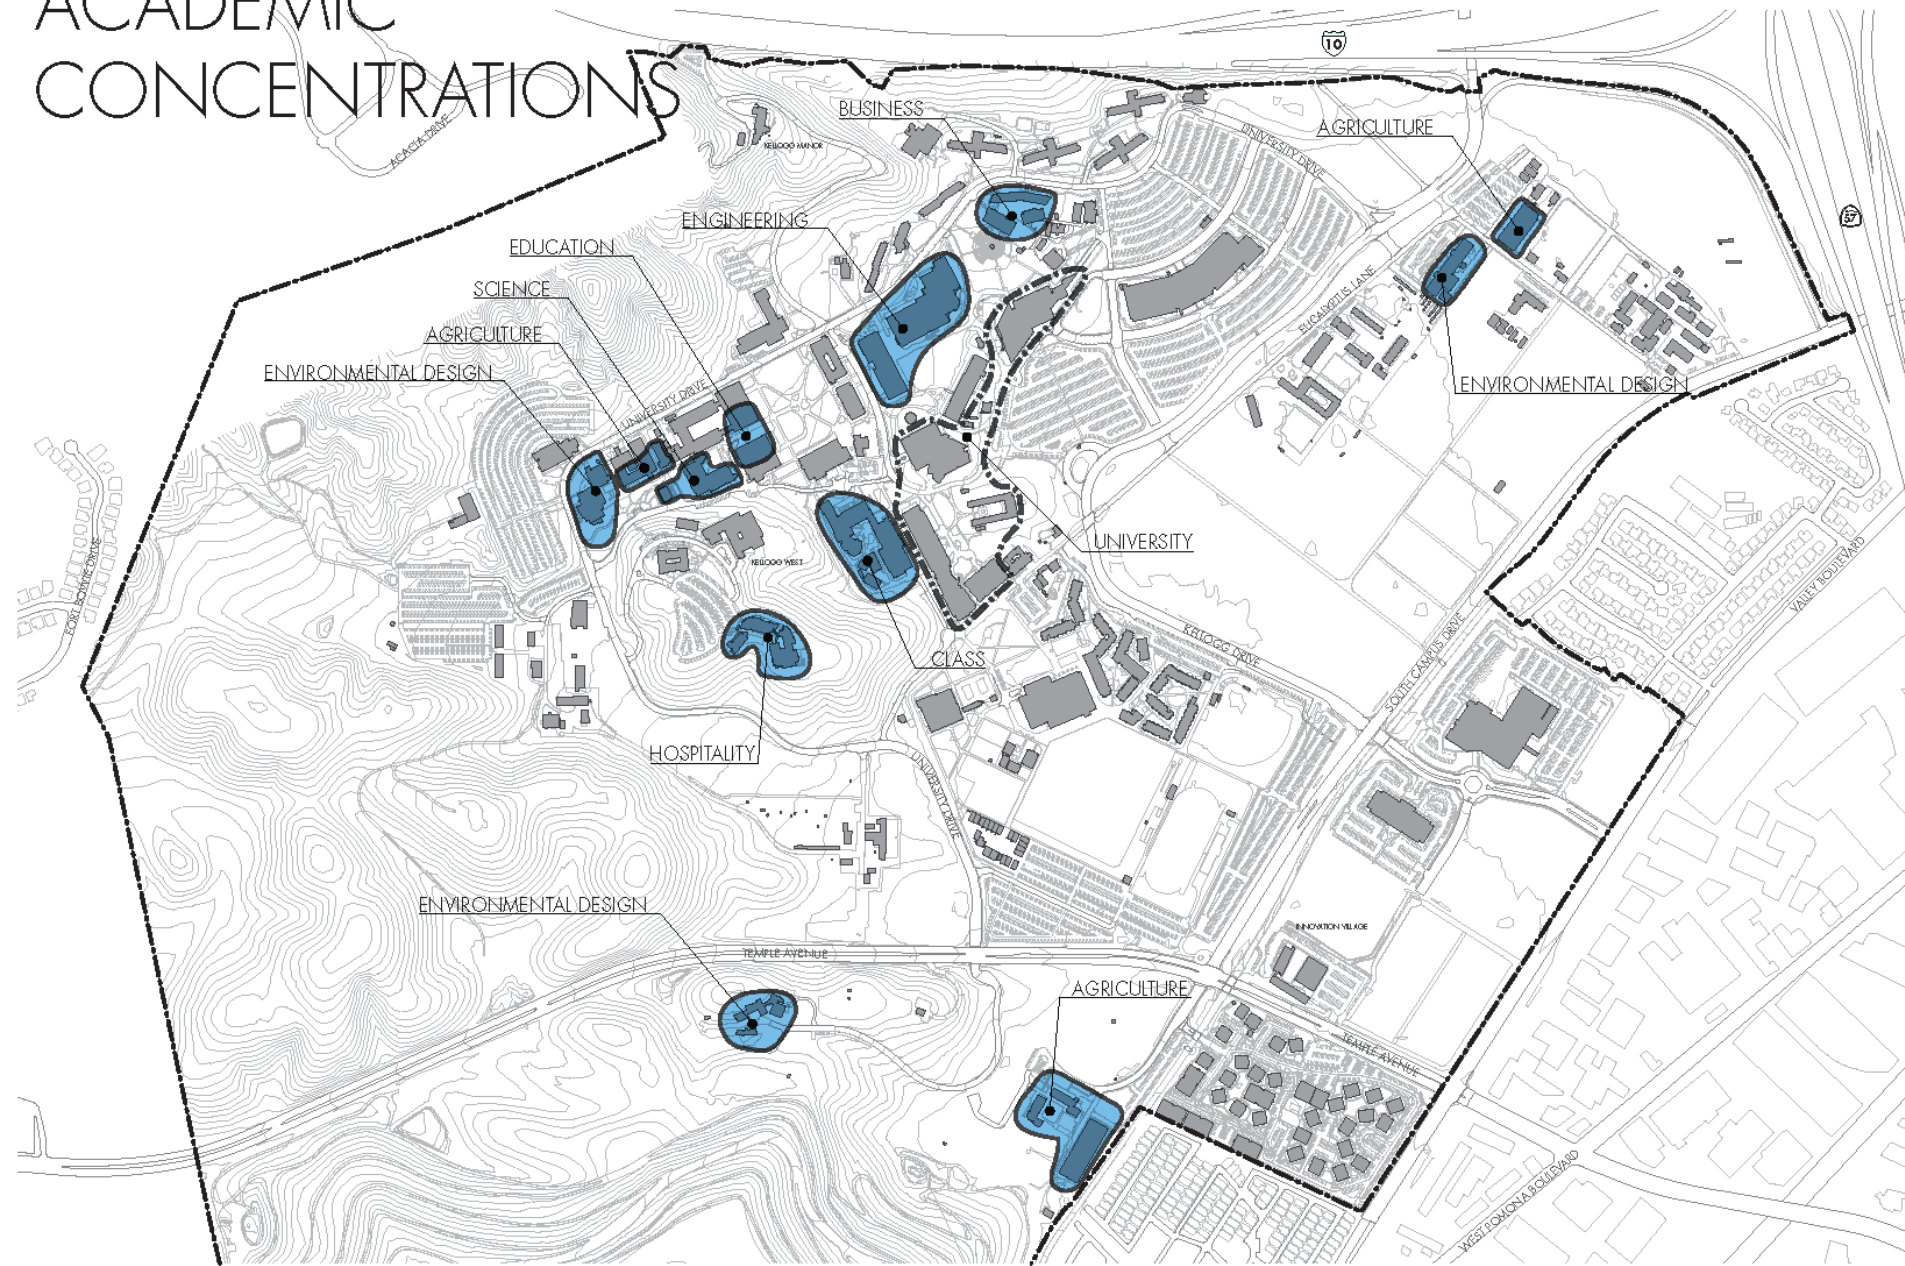

- Sustainability
- Identity
- Concentration
- Land Use
- Vehicular Circulation
- Pedestrian Connections
- Open Spaces / Special Places
- Polytechnic Experience
